

JOSEFINE LÖFGREN

Front End Developer

Skilled in Front End development with an interest in User Experience as well. Experience in iOS and Android native apps, tablet and web design. I thrive in a world that is inspired by modern technology for positive change, making everyday life a little easier.

I'm a team player who enjoys working through each stage, collaborating with other experts in Agile environments, to ideate and iterate towards a final design.

I love exploring how users communicate and interact with their surroundings, whether it's learning about their experiences, or observing their processes when interacting with a product or service.

EDUCATION

UX Design

The Interaction Design Foundation , 2022 - Now

Front End Developer

Medieinstitutet, 2020 - Now

Courses in Sociology, Psychology and Organization

Stockholm University, 2019 - 2020

High School Diploma, Information and Media Technology

Luleå Gymnasieskola, 2013 - 2016

EXPERIENCE

Full Stack Developer

Yepstr, Jan 2022 - Mar 2022

As an intern, my focus has been to help them seek out, finding and correcting errors or deficiencies in the product. I've been bugg fixes and coding signed off designs into working app features with Javascript, Typescript, Node.js and React Native.

Retail Sales Associate / Department Manager & Back-up Sales Support

Clas Ohlson Drottninggatan, Oct 2017 - Now

Former department manager of the "Outdoor life" team and back-up Sales Support at the flagship store. My tasks back then was to support the manager in matters concerning the staff; administrative work, scheduling, contracts and the daily operation of the store. Today I work part time as a sales associate and sometimes help with Visual Merchandising at campaign launches and needs.

IT / Tech Researcher

HCM Partner / Continental Search Alliance, Oct 2019 - Dec 2020

My job as a researcher was to assist the recruitment consultants in identifying and contacting potential candidates in the IT / tech area. The job included tasks such as reviewing CVs, conducting interviews and running the processes overall.

DIPLOMAS

Team of the Year

Clas Ohlson, 2019

Back when I was department manager of the "Outdoor life" team at Clas Ohlson, me and my team won a diploma for being the team of the year, with the motivation: "always on top, always on time".
